Subject: Division Directive, Lakeview Rock Products, Beck Street Quarry, M/035/0020, Salt Lake County, Utah

Dear Mr. Hughes:

The Division of Oil, Gas and Mining has received multiple complaints from citizens in a residential development adjacent to the Beck Street quarry regarding blasting. The blasting reportedly rattled and possibly damaged their houses.

You are hereby directed to meet with the Division prior to any future detonation of explosives, to discuss options to remedy this situation. A meeting with the Associate Director of Mining, Dana Dean, has been established for December 2, 2010, at 10:00 AM, to discuss impacts of the mine, including public safety, and measures needed to mitigate those impacts.

The Notice of Intention to Commence Large Mining Operations for the Beck Street quarry, approved May 12, 2008, states on page 22, Section 6.5:

"If residential development occurs east of the pit, safety requirements could increase."

If you have any questions regarding this notice, please contact me at 801-538-5261, or Leslie Heppler at 801-538-5257. Thank you for your immediate attention to this matter.

Sincerely,

Paul B. Baker
Minerals Program Manager
